SCRAPBOOK ADHESIVES BY 3L
- 3D Foam Dots
- E-Z Runner
- 3/16" Mini Glue Dots

Beacon Adhesives Zip Dry
Red and white baker's twine
Scissors, ruler, pencil, pink button

Instructions

1 Cut one 5¾" x 8¼" rectangle from white cardstock and one 5⅝" x 8" rectangle from red side of Cherry-O patterned paper. Center and adhere Cherry-O rectangle onto white cardstock rectangle. Use Die Cutting Machine to cut and emboss as follows: Grand Squares die to cut one 4½" square from white cardstock; Heart Circles die to cut one 1¾"-dia. (small) and one 4"-dia. (large) heart circle from white cardstock; one 2¾"-dia. (small) and one 4"-dia. (large) heart circle from red cardstock; and Standard Circles die to cut one 3"-dia. circle from pink cardstock.

2 Center and adhere embossed white cardstock square onto red cardstock with a ¼" border, then onto white cardstock with a ⅛" border. Measure 1¾" down from top edge of card front and use foam dots to adhere as shown. Wrap Baker's twine ten times around top portion of card front, tying ends into a double bow on left as shown. Insert ends through holes in pink button, then tie into a knot on front.

3 Center and adhere pink circle onto large white heart circle, folding each heart over the edge of pink circle, then use foam dots to center and adhere onto large red heart circle. Use Tulip ink pad to stamp sentiment ("Be Mine…Valentine" used here) centered onto small white heart circle, then center and adhere onto small red heart circle, then onto layered large red heart circle as shown. Center and adhere onto embossed white cardstock square
