

## Metallic Foil Crown

Be King or Queen for the day with this eye-catching crown made from Grafix Metallic Foil Board.

### SUPPLIES:

- Grafix Metallic Foil Board Assortment
- Scissors
- Die cuts or punches
- Stapler
- Glue stick

### DIRECTIONS:

1. Choose a color of Metallic Foil Board for the base of your crown. On the reverse side, draw a design for the crown and cut along the lines.
2. Using the remaining colors of Metallic Foil Board, cut free hand shapes or use your favorite decorative punches or die cuts.
3. Apply the shapes to your crown using your glue stick.
4. Size the crown to your head and secure with one or two staples to hold it tightly.
