

PROJECT: **Celebrate** by Tami Sanders

Materials:

Designer Foils: Limeburst & Pink Punch
 Design Adhesives: Celebrate© Hot Fudge Studio & Pretty
 Petals© Hot Fudge Studio
 ColorBox© Chalk Inkpad: Lime Pastel
 Bazzill Basics Paper™ cardstock (8.5 x 11): White, Black & Pink
 Hero Arts©: Pearls & Gems: Mixed Neutrals

Memory Box: Sparkling Snowflakes Jewels stickers
 Scrapbook Adhesives™ by 3L: 1/4" Foam Squares
 Beacon Adhesives Zip Dry™
 Paper Trimmer & Scissors
 Bone Folder

Directions

1. Trim Black cardstock to 7" x 7" then fold in half to make card base.
2. Trim Pink cardstock to 3" x 3" and adhere with Zip Dry™ to right side of card front (as shown).
3. Trim White cardstock to 4" x 4"; cut one sheet of Pretty Petal Design Adhesive in half. Carefully peel off backing paper from one half and apply across top of white cardstock. Remove backing paper from the other half and apply across bottom of white piece; overlapping the designs slightly at the center.

Designer Tip: Before you remove the backing sheet to apply the Design Adhesives pieces, rub over each section gently, but firmly with your finger, especially along the cut edges. This will help the Design Adhesive release easier and not stick. Repeat after you have applied the Design Adhesive to the cardstock and before you remove the top film.

4. Cut a sheet of Pink Punch into 3 vertical strips and a sheet of Limeburst into 3 strips; don't worry about keeping them even.
5. Gently lift off top clear sheet of the design adhesives. Lay and press a Pink Punch strip (shiny side up) on the left side of the adhesive pattern. Gently rub to apply foil, being careful not to rub over unfoiled portions of the design.
6. Apply a strip of Limeburst foil (shiny side up), slightly overlapping the pink foiled portion, and rub as before to transfer. Alternate the pink and lime strips until the entire pattern is foiled.

7. Trim foiled cardstock to 3.5" x 3" with the striped pattern of the flowers running horizontally. Ink edges of foiled piece with Lime Pastel. Use Zip Dry™ to adhere foiled piece to left side of card front (as shown).
8. Cut out 3 "celebrate" words from Design Adhesives Celebrate. Apply each word to white cardstock (in the same manner outlined in step 3), separating them enough so you can cut them out individually with a slight border.
9. Apply Pink Punch foil to "celebrate" script font and the Limeburst foil to "celebrate" thin font. Trim both out, dovetailing one of the ends as shown.
10. Cut small 1/3" strips horizontally from one sheet of each foil: Pink Punch and Limeburst. Begin applying them to the remaining "celebrate" at a slant starting at the left with Pink Punch strip. Next apply a Limeburst foil piece, matching the slant of the previous piece. Repeat until word is covered and trim around foiled word to create small border.
11. Ink edges of all three pieces with Lime Pastel. Adhere single color foiled words to pink block on card as shown. Use 3D foam squares to adhere two toned celebrate to pink block as shown.
12. Finish by adding black pearls, clear rhinestones and snowflake rhinestones to foiled flowers as shown.
